Over two decades of expertise at the interface among technology, law, business, and national security, including international trade and business; intellectual property; antitrust; finance and securities regulation; bankruptcy; biotechnology and medicine; governance and compliance; cyber; privacy; and security.

Services

- Strategic consulting to private firms in technology, finance, business, and law for engaging external competitive and regulatory landscapes while optimizing internal operations and governance, including management and compliance.
- Internal investigations and crisis management.
- Neutral mediation, arbitration, and compliance monitoring for private parties or on appointment by courts and other tribunals and overseers.
- Expert litigation consulting and testifying for trial and appellate practitioners in high stakes commercial disputes within and across tribunals and national boundaries.

Biography

- Former Commissioner of the US International Trade Commission (Senate Confirmed).
- Senior consultant to high-level government offices during the Bush, Obama, and Trump Presidential Administrations on national security and economics.
- Full professor at GW Law School (on leave).
- Studied law, technology, and economics, with degrees from Penn and MIT.
- Selected as a Member of the European Academy of Sciences and Arts.
- Books, articles, speeches, and security clearances available on request.

Kieff Strategies LLC brings together a diverse group of academics, former government officials, and business practitioners to collaboratively engage complex challenges facing private sector firms in technology, finance, business, and law. It provides consulting services only and does not engage in the practice of law.
